Technology Options for Term 3/4

Tuesday 27th June

Below are the options you are able to select from for Technology at Rangiora Borough School for Terms 3/4. You need to rank your choices from 1-4, with 1 being your first choice, 2 being your second choice etc.

You are not guaranteed to get your first choice but we will endeavour to do our best to ensure you get either your first or second option as one of your choices. Each theme will be run in Term 3 and then repeated again in Term 4.

Please complete this form by the end of this week and return to your class teacher. You will be notified of what choices you have got early next week and the cost for the of the options added to your school account.

Name:	Class:
Workshop - Speaker Boxes - Who needs to buy a speaker for your MP3 player when you can come along to the workshop and make your own (Cost \$20.50).	
Food - Foods Around the World - Explore making different foods from around the world that you can then go home and create for your family (Cost \$20.50).	
Fabric - Repurposing/Upcycling - Taking old things and making them into new and exciting creations. Put your thinking cap on because the options are limitless (Cost \$20.50 or \$10.50 if you bring your own old items, ie: a pair of jeans they have grown out of, an old woollen blanket, old T-Shirts, shirts and skirts.).	
Design - Programming - In Visual Design we'll further explore programming concepts through the development of a platformer computer game as well as learning about the history of the industry and related technological concepts. (Cost \$10.50).
