17th August 2017

Dear Parents / Caregivers

Ashgrove's Enviro Team would like you and your family to participate in our annual potato growing competition for 2017!

All you need to do is register your name, the hub and number you are from and pay your \$5.00 entry fee. Register this information with the Enviro Team before or after school under the willow tree until the end of August or in Pihinga 5 with Mrs Green (if it is wet).

Your potato and growing bag will be delivered to your hub soon after you register with a label to write your name and hub. Then at home plant your potato inside the bag. It is up to you to find the most successful way to grow the biggest crop of potatoes you can. Keep your label in a safe place as you will need it when you bring your potato plant back to school on weigh in day.

On Friday 1st December, before school, bring your potato plant in its bag with the named label stuck on the outside, to the garden area behind the library. Members of our Enviro team will weigh each potato crop during the day to find the most successful grower! Prizes will be announced at the following assembly.

There are plenty of exciting spot prizes to be won as well as a prize for the top three most successful growers.

Good luck and happy growing!

Ashgrove School Enviro Team
